Limitations of Coverage

- Intentional damage to the device.
- Unauthorized repairs or maintenance.
- Unknown, removed, or altered serial numbers.
- Transport damage due to improper packaging.
- Use outside manufacturer specifications.
- Damage from disasters (fire, flood, theft, etc.).
- Multiple defects/misuse may result in replacement instead of repair. Excessive damage may not be fully repaired/replaced.
- Non-transferable contract.

* Lead time: average business days, excluding transit

** Free return for Benelux & France: eutronix sends the repaired material back free of charge. Pick-up in Benelux & France is included with Premium contracts only.

Supported brands:

Deployment Services

1

LEVEL 1

EQUIPMENT PREPARATION

Provide a basic, ready-to-use setup with minimal effort on your side.

What's Included? 

- Loading the agreed OS
- Charging batteries, inserting SIMs, labeling boxes
- Basic functionality checks (connectivity, etc.)

Benefits 

- **Quick Start:** Devices are ready out of the box—just power them on.
- **Minimal Setup:** No extra configuration steps required on your end.

2

LEVEL 2

EQUIPMENT STAGING

Deliver a fully configured, secure environment ready for immediate deployment.

What's Included? 

- Installing and updating your business apps
- Configuring barcode/RFID scanning tools
- Network setup (Wi-Fi, security, etc.)
- Locking down OS settings to prevent misuse

Benefits 

- **Seamless Rollout:** Everything's in place for end users to start working immediately.
- **Reduced Troubleshooting:** Standardized configurations minimize support issues.

3

LEVEL 3

MDM ENROLLMENT

Enable remote manageability for ongoing updates, monitoring, & troubleshooting.

What's Included? 

- Enrolling devices in your chosen MDM (SOTI, 42 Gears, RemoCloud, Telelogos, Ivanti, Intune, etc.)
- **Option 1:** eutronix handles all MDM management for you (updates, monitoring, troubleshooting)
- **Option 2:** Training and handover, so your team can manage devices independently

Benefits 

- **Centralized Control:** Oversee your entire fleet from one interface.
- **Faster Issue Resolution:** Reduce downtime with proactive monitoring and quick fixes.
