TRANSPORT-FOCUSED DESIGN

PaceBlade devices are built specifically for transport and logistics — ensuring long-term reliability in vehicles, depots, and outdoor environments.

EXTENDED WARRANTY & SERVICE

Enjoy peace of mind with a 2-year standard warranty and optional service contracts up to 5 years. Minimize downtime and maximize ROI.

FREE MDM INCLUDED

Every PaceBlade product comes standard with our Mobile Device Management tool. Deploy updates, manage devices, and apply security settings remotely — at no additional cost.

FULL CUSTOMIZATION

From custom cabling to tailored housings and accessories, each device can be configured to match your exact operational setup.

MOBILE DEVICE MANAGEMENT

PaceBlade offers a free MDM software tool with all of its products. Not only will this save you time and costs, it will strengten the security between you and your employees.

PaceBlade's MDM features:

- Remote firmware upgrades
- Remote software upgrade / deployment
- Remote configuration management
- Kiosk mode
- The factory standardly adds all devices to the MDM environment
- The factory is able to deliver all devices in a 'ready to use' mode
  - Kiosk Mode
  - Customer's software application
  - Customized boot animation

COMPREHENSIVE SERVICE CONTRACTS

All PaceBlade products come with a 2-year manufacturer's warranty. This by itself is already unique, since most manufacturers only cover a standard 1-year warranty. Optionall, you can expand with a full service contract

The benefits of a full service contract:

- Complete unburdening for the enduser in the repair process
- Eliminates the cost of repairing damage caused by normal wear and tear or accidental breakage to the device by the user
- Protection against unexpected costs
- Multi-year coverage and extended lifespan of the devices
- Multi-year coverage lowers to Total Cost of Ownership (TCO) of the devices
